

CUBJAM FM Radio Station

Throughout CUBJAM we will be running a radio station.

We will be broadcasting hopefully both on FM and on the internet – so families at home will be able to listen online.

Subject to licence regulations, we hope the FM broadcast will cover an area approx 10miles around Gilwell Park.

We will not be blasting CUBJAM FM all over the site, but suggest that contingents bring a battery powered radio so they can listen in their contingents.

We will have speakers outside the Radio studio for those that wish to sit outside, listen and join in with the interactive shows.

Throughout the week there will be numerous competitions and challenges run by the radio station.
