

Nights Away Permit

All contingents will require someone with a Nights Away Permit that covers "Campsites".

However, do not panic if you don't have someone with a Permit or your Permit holder cannot stay all week.

Every Contingent will be allocated to a Sub-Camp – the Sub Camp Team will all hold Permits and with the agreement of your DC they can be your Permit Holder.

If another Group from your District is attending – we can arrange for you to camp next to each other and with joint agreement you can share a Permit Holder.

If you think you may need assistance with a Nights Away Permit, please let us know as soon as possible so arrangements can be put in place and agreed.

NAN Forms

A Nights Away Notification form will need to be completed.

Nearer the time, a partially completed NAN Form will be made available – and more information about where it should be sent will be published here.
