

Website

Before CUBJAM

Our website will be our main method of communication. It will be updated with Information Packs for contingents with the latest information.

It will also provide contingents secure areas to exchange information with the CUBJAM team.

Already you have access to view and change your "registration of interest" online by use of your contingent number and the Security Code you entered.

If you don't know your details, then please contact the CUBJAM Team via the website.

During CUBJAM

Our website – www.cubjam.org.uk – will be updated throughout the week with information for parents.

Photos of activities and events, along with reports, will be put online in a secure area for families at home to view.

We also hope you will be able to listen to CUBJAM FM over the internet (see "C7 – CUBJAM FM").
